

Omni directional 7.5 dBi antenna 2.4 GHz

Omni Directional Antenna 7.5 dBi

This antenna is ideally suited for the use at the central access point for indoor applications, ceiling or shelf mounted but also for mobile clients because it is lean, light and the shortest antenna in it's class (ideal to carry in the briefcase of notebook PC's. A special plastic holder for ceiling mounting is included in the set)

Each antenna set includes:

- antenna
- Aluminum socket for mounting
- Plastic holder for ceiling mounting

Technical Specifications of Antenna	
Electrical	
Operating Range	2400-2500 MHz
Gain, dBi	7.5
Horizontal Beam Width, degree	360
Vertical Beam Width, degree	30
Impedance, Ohm	50
VSWR	1.5
Side lobe, dB	< -21
Mechanical	
Weight	68 g
Dimensions, mm	Diameter 20 / length 198
Radome Material	Aesthetic UV-inhibited light grey plastic
Polarization	Vertical
Connector Type	RP-SMA plug on white cable (1.5 m length)

Omni 2.4 GHz / 7.5 dB Antenna Vertical Field Strength Pattern
